

**WHAT IS THE RED RIBBON AIDS WALK?:** The Walk is an awareness and fundraising event for **The AIDS Project**, which serves both Centre and Clinton counties. The route through downtown State College is new this year and will include many of the historic fraternity houses whose members along with other Penn State IFC, Panhellenic, and NPHC organizations participate in the Walk as part of their Greek Week celebration. All money raised benefits the programs and services of The AIDS Project and stays in Centre and Clinton counties. ***Come join us in the 14th year of the Walk!***
